

River North Community Foundation

By locals, for locals.

Established in late 2025, River North Community Foundation exists to support community groups, charities, not-for-profits, and local initiatives helping people and places across **North Brisbane and the City of Moreton Bay**.

We believe local leaders and organisations know their communities best. Our role is to back that work — helping strengthen organisations, connect people and opportunities, and build a more caring, connected and resilient community.

How we support local organisations, groups and initiatives

We support local organisations, community groups and local initiatives in practical ways, using our own skills, experience and networks to help where we can. Some areas we can help, include;

- **Strategic planning & good governance** — helping you set a clear direction and plan ahead
- **Board development** — supporting you to build an engaged board with the right passionate people
- **Philanthropy & fundraising** — understanding the sector and exploring funding opportunities
- **Government engagement** — supporting strategic engagement with all levels of government
- **Business and corporate engagement** — building relationships with community-minded partners
- **Volunteer matching** — connecting with passionate people who have the time and skills to help
- **Sustainable income** — exploring diverse and sustainable revenue streams
- **Networks & partnerships** — connecting organisations, opportunities and community networks
- **Practical support**— mobilising the community for collection drives of specified goods
- **Advocacy & voice** — elevating community voices and perspectives addressing local priorities
- **Impact measurement** — helping you understand, measure and communicate your impact/story

Ways to get involved right now!

- Have a coffee catch-up with us so we can get to know each other
- Add your organisation, group or initiative to our community map
- Attend an upcoming event

Who can connect with us?

Any passionate resident, local leader, organisation, group or initiative that is based in, or supports people & places in, North Brisbane or the City of Moreton Bay.
